Events like *Golf fore the Kids* raise funds to support the Plainfield chapter of Kiwanis, a community based organization with an emphasis on helping the children of Hendricks County. Our chapter's activities include a scholarship program, financial assistance for children undergoing medical procedures in local area hospitals, and support for mental health services and basic needs services for school-aged children.

In 2020, we found a huge need in our community for additional support as families faced a new set of challenges. Our chapter stepped up and organized food drives, contributed to multiple other community drives, built several “Blessing Boxes,” awarded two scholarships to Plainfield HS seniors, and distributed more than 300 cards of comfort to four local nursing homes. We donated to the Plainfield Library Summer Reading Program, the Plainfield Youth Assistance Program, the Plainfield Girls Softball Association, chartered a new K-Kids program at Brentwood schools and co-hosted a Trunk-or-Treat event and Photos with Santa event in partnership with the Plainfield WalMart Neighborhood Market.

The children in Hendricks County need the support of Kiwanis, and Kiwanis needs your support to help them!
